

United States of America
Department of Transportation — Federal Aviation Administration
Supplemental Type Certificate

Number SA718NW

This certificate, issued to FLIGHT STRUCTURES, INC.

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 4b of the Civil Air Regulations., and Type Certificate Data Sheet A-723.

Original Product — Type Certificate Number: A-723

Make: Lockheed

Model: 18 Learstar

Description of Type Design Change:

Installation of seat tracks in main cabin floor in accordance with FAA sealed Flight Structures Drawing 78FS038 Rev. D.

Limitations and Conditions: The approval for this change in type design applies basic to the above model aircraft only. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined that the interrelationship between this change and any other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft. The resulting interior arrangement, along with the required placarding has not been evaluated and is not part of this STC. A copy of this Certificate shall be maintained as part of the permanent records for the modified aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: November 7, 1978

Date issued:

Date of issuance: February 23, 1979

Date amended:

By direction of the Administrator

D. L. Ruggin
